## About Me

As a passionate and detail-oriented full-stack developer, I strive to push the boundaries of web and mobile development. With a strong foundation in modern technologies and a deep love for crafting user-friendly applications, I bring technical expertise and creative problem-solving to every project. My skill set spans both front-end and back-end development, enabling me to build seamless, scalable applications that deliver outstanding user experiences.

## Technical Skills

**Languages & Frameworks:**
- HTML, CSS, JavaScript
- Bootstrap, Tailwind CSS
- React, Next.js, React Native
- Node.js, Express.js, MongoDB
- Java

**Tools:**
- Visual Studio Code
- Git, GitHub
- REST APIs
- Vercel (Deployment)
- Docker

## Projects

### Campscape — *A Full-Stack Campgrounds Application*
- Developed a platform for users to register, add, and browse campgrounds.
- Integrated interactive maps, allowing users to visually locate campgrounds.
- Added review and campground detail features to enhance community interaction.

### Konnectus — *Alumni Association Platform*
- Developed a full-stack alumni network with tailored user experiences.
- Alumni can add testimonials, and staff manage events while students access job listings.
- Features include CRUD operations on events and job postings, plus a dedicated alumni dashboard.

### sKite — *Blog Post Platform*
- Implemented a blog platform with three distinct user roles: Reader, Author, and Admin.
- Supports CRUD functionality for blog posts and rich text editor integration.
- Users can comment on posts, and images can be uploaded for enhanced content.

## Experience

**Software Engineer Intern**                                                  **Oct 2024 - Nov 2024**
*Shoppeal Tech, Mumbai, Maharashtra (Remote)*
- Managed backend systems and created Docker images to streamline deployment.
- Collaborated with senior engineers to troubleshoot and optimize performance.
- Gained hands-on experience in containerization and backend management.
- Certificate of Completion

## Education

**Bachelor of Technology - Computer Science & Engineering (IoT and Cybersecurity, including Blockchain)**
Lakshmi Narain College of Technology, Bhopal
*Location: Bhopal*                                                                  *2023 - 2027*

**Higher Secondary School (Physics, Chemistry, Mathematics)**
O.P.M Sikshan Kendra, Amlai
*Location: Amlai*                                                                   *2021 - 2023*

**Secondary School**
Carmel Convent Sr. Sec. School, Amlai
*Location: Amlai*                                                                   *2009 - 2021*
